

Dear Linda , As you probably did not expect , I stood up and excepted responsibility for the loan that you graciously gave me . I signed the documents without hesitation and they were presented and accepted by the Judge for the record . I am neither surprised or angered by any means that you filed the suit . I agree that it should be legalized . By the way , thank you for returning some of my property , I do hope that you will drop off the remaining items soon , so that I may put them away in their prospective areas , where they belong . Also I told your attending attorney that the Workman's Comp. people owe me 50 grand in back wages to date . As soon as those monies are allocated to me , I will resolve this Judgement as soon as possible . And just in case you do not know , I still miss you and love you very much . Love always , Steven .

---------------

Linda , I hope this letter finds you and your family well . Today I went back to court for our agreement of the loan , I presented your attorney with all the necessary documents pertaining to any and all financial holdings , past , present and future . I gave him my Workman's Compensation Attorney's name and information . Just like I promised in the letters that I wrote you while I was in jail , when the settlement is finalized , you will be the first to be paid off . I very much appreciate the aid that you have given to my family and myself . I am very sorry that I disrupted the loan payments due to lack of funds . My Union cut me off in May , and the Workman's Compensation was cut off at the end of January . I tried Social Security Disability and SSI , I applied twice and was denied twice . I gave proof of this to your attorney . I used all my savings to the very end to keep the loan payments on time , I apologize that I could not make further payments due to the lack of funds being available . I am sure your attorney will tell you all of this anyway . He will probably tell you also that my Plea and Sentencing are on December 11, 2008 . But , I will receive a stay until sometime in January , that is when I will actually have to surrender myself . At this time I still do not know the offer , either I will do 10 months or 2 1/2 years , I am sure you can guess which I am rooting for . Well that is it for now , I have to go take care of my elbow , the one Dr. Schafer performed surgery on , it is infected in the Bursa area . I was hospitalized for 3 days last week due to the onset of the infection . By the way , the first week of November was my 1 year anniversary of being sober !!! Also , believe it or not , I am seeing a Neuropsychologist , and just had Brain Mapping performed . I am trying my best to rectify my life , in all aspects of it . I wish you were here to share it with me , I miss you very much and am still deeply in love with you . You told me that I would hate you , but I do not . I know you are just trying to protect yourself and your well being . And that is alright with me , I understand . It would be nice if you would break your silence with me . My biggest regret is hanging up on you that day , and of course being stupid and getting the D.U.I. that fateful night . I just want you to know that change for the better has finally arrived , and that I truly love you , and always will ..... Yours Truly , Steven .
